// ABOUT ME

I'm a junior designer and illustrator with a **multidisciplinary background** in art, design and multimedia. My work combines **visual communication, illustration and digital design**, with a particular interest in service design and inclusive experiences. I believe design can make information more accessible and meaningful, bringing people together through purposeful and thoughtful solutions. I'm particularly interested in **further developing my expertise in packaging and product communication** while contributing to multidisciplinary projects.

// EDUCATION

UX/UI DESIGN
at IEFP
2026
- Deepened my knowledge of UX/UI design, information architecture, project planning and management.
- Developed prototyping and interface design skills, complemented by foundational knowledge of HTML, CSS and Bootstrap.

MASTER'S IN DESIGN AND MULTIMEDIA
at Universidade de Coimbra
2022-2025
- Developed a multidisciplinary foundation in multimedia design, with a focus on accessibility, universal design, interaction and usability.
- Gained experience in front-end development, exploring the intersection of design and technology to create inclusive digital experiences.

BACHELOR'S IN ART AND DESIGN
at Escola Superior de Educação do Instituto Politécnico de Coimbra
2019-2022
- Gained multidisciplinary training in graphic design, communication design, product design and interior design.
- Explored diverse design approaches and developed my skills in drawing, illustration, composition and visual concept development.

// EXPERIENCE

ILLUSTRATOR & UX/UI DESIGNER
at Kranemann Wine Estates (part of my master thesis)
2023-2025
- Designed a digital application featuring illustrations that explain the winemaking process, helping clients better understand the information presented.
- Designed the user interface and developed the illustrative elements, drawing on illustration techniques, design systems and UX/UI principles.
- Used Figma and Adobe Illustrator to establish a consistent visual language and create an intuitive user experience.

FREELANCE ILLUSTRATOR & BRANDING DESIGNER
in Branding, Illustration and Visual Communication
2019-present
- Developed visual identities and creative concepts for projects in sports, animal welfare and music, creating visual assets adapted to different brands and communication needs.
- Designed a range of graphic materials, including merchandise, price lists, printed materials and digital content for social media.
- Created graphic elements for bicycle seatposts, adapting visual concepts to specific products and their intended applications.
- Applied branding and visual communication principles to maintain consistency across different media and formats.
